Strictly High Class and Reliable
NURSERY STOCK

HORACE WRAY, Proprietor

White Salmon

Washington

Quality.

THE Nursery Stock I am offering herewith is absolutely the very finest. I believe it to be the very fanciest and highest quality nursery stock to be had in the entire Northwest, regardless of price or any other consideration whatsoever. It is all of special select grade, clean, vigorous and uniform. I give prompt and careful attention to all business in the order it is received, use plenty of packing on all shipments, and exercise every effort to give satisfaction

Terms.

My terms are cash or satisfactory references before shipment. To patrons of known responsibility I am always glad to ship on approval, cash on receipt of goods and after they have been found perfectly satisfactory. "Short accounts make long friends" is a good policy.

Guarantee.

I exercise the greatest care to keep my varieties true to name, and hold myself in readiness at all times to replace, on proper proof, all stock that may prove otherwise; but it is mutually agreed between the purchaser and myself that I shall not at any time be liable for a greater amount than the original price paid for the goods.

My specialty is fruit tree stock for large commercial plantings where absolute reliability is essential.

Walnut.

Walnuts are a proven success in the Northwest and every home should have a few trees around the house at least. Only grafted trees should be planted, however, as seedling trees are slow, unreliable growers, coming into bearing late and generally produce inferior nuts. I have the finest walnuts to be found anywhere, and at moderate prices considering former prices, and also the difficulty at which they are propagated.

Extra select, 6-8 ft., special price, Each \$1.35 Per 100 \$125
